

2-Story Elevation

Elevation Style is Pre-Determined by Building Site Location

THE EVEREST

1,508 sf – 2,008 sf »

1 - 4 bedrooms, 2 - 4 baths

+516 sf – 763 sf »

Optional Finished Lower Level

From a ranch to a two-story design, the size of your home is in your hands. Shake siding and stone create an inviting exterior that combines perfect craftsmanship with detailed elegance. The array of features and seamless blend of comfort and convenience make the Everest a perfectly and beautifully balanced home. Interchangeable living spaces make the Everest your personalized dream home. From the optional bedrooms to the optional two-way fireplace, you can enjoy the luxurious living that evokes intimacy, yet still provides plenty of room for entertaining and expansion.
